

Arizona Department of Economic Security, Division of Developmental Disabilities
SFY 07 Benchmark and Adopted Rates
Early Intervention Services

1. For Therapies:

1.1 Rates for therapy services listed under Early Intervention are for consumers who are under three (3) years of age. Rates for therapy services for consumers three (3) years and older can be found in the Professional Services section of this document.

1.2 One unit of evaluation equals one visit for evaluation.

1.3 The basis of payment for this service other than evaluation is an hourly unit of direct service time. Direct service time is the period of time spent with or specific to the consumer and verified by the consumer. When billing, the Qualified Vendor should round its direct service time to the nearest 15-minute increment, as illustrated in the examples below:

- If services were provided for 65 minutes, bill for 1 hour.
- If services were provided for 68 minutes, bill for 1.25 hour.
- If services were provided for 50 minutes, bill for 0.75 hour.

1.4 If a therapist acts as a service coordinator, then they shall bill the service coordination rate.

1.5. In no event will more than three consumers receive the same service with a single direct service staff person at the same time. At no time shall evaluation services be provided for more than one consumer at a time.

1.6 Clinical and Natural setting. A clinical setting includes the office or central location of the provider and generally requires the consumer to travel to the provider specifically to receive the service. A natural setting means a setting that is natural or normal to the child's same age peers who have no disabilities; this includes the home and community settings, such as a park, restaurant, child care provider, etc, in which children without disabilities participate. The natural environment for each family is defined by the existing and desired routine and activities of each family rather than by creating new activities or routines that the family would not have participated in without early intervention

1.7. Team Lead and Conferencing

1.7.1 Team Lead- Only Therapy or Special Instruction Providers may act as a Team Lead. Therapy and Special Instruction providers serving consumers that are aged 0 through 2 that have been designated as Team Leaders will bill the Division for the time spent in this capacity as a separate service.

For Therapy and Special Instruction providers, the rate for this service is equal to the service rate for the EI population in a *clinical or natural* setting depending on the place of service. Special Instruction Team Lead, both Bachelor's and Master's, will be affected by the phase-in rate adjustment. Once the temporary rate adjustment is removed, the Special Instruction rates will return to the original modeled rates.

The unit of service for Team Lead will be one hour with rounding to the nearest 15 minute increment.

Arizona Department of Economic Security, Division of Developmental Disabilities
SFY 07 Benchmark and Adopted Rates
Early Intervention Services

1.7.2 Conferencing- Early Intervention providers are expected to have regular conferences with all core team members. Team leaders may also conference with individual team members as necessary. Conference is defined as a meeting in person or over the phone with other members of the team for the purpose of discussing progress and issues with a family's IFSP. Providers will bill the Division for the time spent during a conference with other team members as a separate service at the rate equal to that for the *clinical* rate. There is no *natural* rate for Conferencing as Conferencing is generally done outside of the consumer's home.

The unit of service for Conference will be one hour with rounding to the nearest 15 minute increment.

1.8 The underserved adjustment will only be applied to Ongoing Therapies. The underserved adjustment will not apply to therapy evaluation services.

- 1.8.1 The Division has designated zip codes in the state as underserved at three tier levels.
- Services provided in Tier 1 areas will receive a 10% premium as noted on the rate schedule.
 - Services provided in Tier 2 areas will receive a 25% premium as noted on the rate schedule.
 - Services provided in Tier 3 areas will receive a 50% premium as noted on the rate schedule.
 - See Appendix X for the designation of zip codes by tier levels.

2. For Non-Therapy Providers (except Service Coordination):

2.1 Rates for services listed under Early Intervention are for consumers who are under three (3) years of age.

2.2 The basis of payment for this service is an hourly unit of direct service time. Direct service time is the period of time spent with or on behalf of the consumer and verified by the consumer. When billing, the Qualified Vendor should round its direct service time to the nearest 15-minute increment, as illustrated in the examples below:

- If services were provided for 65 minutes, bill for 1 hour.
- If services were provided for 68 minutes, bill for 1.25 hour.
- If services were provided for 50 minutes, bill for 0.75 hour.

2.3. In no event will more than three consumers receive the same service with a single direct service staff person at the same time. At no time shall evaluation services be provided for more than one consumer at a time.

2.4 Clinical and Natural setting. A clinical setting includes the office or central location of the provider and generally requires the consumer to travel to the provider specifically to receive the service. A natural setting means a setting that is natural or normal to the child's same age peers who have no disabilities; this includes the home and community settings, such as a park, restaurant, child care provider, etc, in which children without disabilities participate. The natural environment for each family is defined by the existing and desired routine and activities of each family rather than by creating new activities or routines that the family would not have participated in without early intervention.

2.5. Team Lead and Conferencing

2.5.1 Team Lead-Except as specified in 1.7.1, only Special Instruction Providers may act as a Team Lead. Therapy and Special Instruction providers serving consumers that are aged 0 through 2 that have been designated as Team Leaders will bill the Division for the time spent in this capacity as a separate service.

Early Intervention Services

For Therapy and Special Instruction providers, the rate for this service is equal to the service rate for the EI population in a *clinical or natural* setting depending on the place of service. Special Instruction Team Lead, both Bachelor's and Master's, will be affected by the phase-in rate adjustment. Once the temporary rate adjustment is removed, the Special Instruction rates will return to the original modeled rates.

The unit of service for Team Lead will be one hour with rounding to the nearest 15 minute increment.

2.5.2 Conferencing- Early Intervention providers are expected to have regular conferences with all core team members. Team leaders may also conference with individual team members as necessary. Conference is defined as a meeting in person or over the phone with other members of the team for the purpose of discussing progress and issues with a family's IFSP. Providers will bill the Division for the time spent during a conference with other team members as a separate service at the rate equal to that for the *clinical* rate. There is no *natural* rate for Conferencing as Conferencing is generally done outside of the consumer's home.

The unit of service for Conference will be one hour with rounding to the nearest 15 minute increment.

2.6 The underserved adjustment will be applied to all Early Intervention Non Therapy services except Service Coordination.

2.6.1 The Division has designated zip codes in the state as underserved at three tier levels.

- Services provided in Tier 1 areas will receive a 10% premium as noted on the rate schedule.
- Services provided in Tier 2 areas will receive a 25% premium as noted on the rate schedule.
- Services provided in Tier 3 areas will receive a 50% premium as noted on the rate schedule.
- See Appendix X for the designation of zip codes by tier levels as noted on the rate schedule.

3. Service Coordination

3.1 Rates for services listed under Early Intervention are for consumers who are under three (3) years of age.

3.2 The basis of payment for this service is an hourly unit of direct service time. Direct service time is the period of time spent with, or on behalf of the consumer and verified by the consumer. When billing, the qualified vendor should round its direct service time to the nearest 15 minute increment, as illustrated in the examples below:

- If services were provided for 65 minutes, bill for 1 hour.
- If services were provided for 68 minutes, bill for 1.25 hour.
- If services were provided for 50 minutes, bill for 0.75 hour.

3.3. In no event will more than three consumers receive the same service with a single direct service staff person at the same time.

3.4 There are no adjustments applied to this rate for underserved areas *or* multiple *consumer* adjustments
